

## REFERENCE

### Anastasia Byler

Mrs Anastasia Byler worked as an English Trainer for our language school from September 2004 to May 2007.

NATIONS GmbH is involved in providing specialised language training for business people. Our trainers are selected based on their pedagogical skills and strong academic / professional background - both criteria were met by Mrs Byler.

Her tasks as an English Trainer included

Carrying out specialised english language training for clients from elementary to advanced levels

Developing her own course programs for both individual and group training

Working together with other trainers to provide the best training possible

Assessing progress made by participants, carrying out testing, and writing reports and recommendations

Mrs Byler was a thoroughly effective trainer and popular with students. She showed herself to be reliable and conscientious as a trainer and prepared herself very well for her classes. She had a creative approach, listened to her students' needs and was able to adjust her speech to her students' pace. She was particularly strong in adapting her lessons to suit the genuine needs of her students.

Mrs Byler was a very well-liked trainer. She left us due to personal reasons and will be missed by both students and colleagues.

We wish her the very best for the future.

Munich, May 25, 2007
